

**AGA KHAN IRISH STUDS**  
**REQUIREMENTS - BREEDING SEASON 2021**

To follow please find the necessary requirements for all mares visiting stallions at Gilltown Stud during the 2021 covering season:

**NEGATIVE E.I.A. (Coggins) CERTIFICATE**

**All mares** to be covered in 2021 should have one negative E.I.A. certificate from an approved laboratory, to be taken after the 1<sup>st</sup> January 2021. **Any mare from outside of Ireland and England will require 1 negative certificate from their country of origin, dated within 21 days of departure from an approved laboratory before they are allowed onto the Aga Khan Studs. Any mare from outside Ireland and England will require another negative certificate from a recognised Irish laboratory, taken a minimum of 10 days after her arrival in Ireland.**

**NEGATIVE C.E.M. CERTIFICATE**

Dated after January 1<sup>st</sup>, 2021 from a recognised Irish, English or French laboratory stating that the mare is negative for:

- a. Contagious Equine Metritis (CEM)
- b. Klebsiella
- c. Pseudomonas

**All mares imported from North American (USA & Canada) also require two negative clitoral swabs (fossa & sinuses), taken after the 1<sup>st</sup> January 2021, at least seven days apart, and within 30 days of export.**

**NEGATIVE E.V.A. CERTIFICATE**

Irish and English mares require a negative or stable EVA blood certificate from a recognised laboratory taken after January 1<sup>st</sup>, 2021.

Please note if a mare arrives from England on public transport which has also carried bloodstock from mainland Europe, a second negative EVA result will be required from a blood sample taken a minimum of 10 days after her arrival in Ireland.

**Mares from countries other than Ireland or England will require one negative EVA certificate, dated within 21 days of departure, in the country of origin and a second negative EVA result will be required from a blood sample taken not less than 10 days after arrival in Ireland.**

**DOURINE**

Mares arriving from Italy and mares which have been in Italy since January 1<sup>st</sup>, 2019, require a negative blood test for Dourine taken a minimum of 14 days after arrival in Ireland.

**DOCUMENTATION**

Please note **NO MARE WILL BE COVERED** unless the required **Coggins/EVA/CEM certificates, passport, proof of FLU vaccinations and signed contract** are provided in advance of her arrival in the covering shed.

**Please ensure that the person / boarding farm responsible for the day-to-day care of your mare is aware of the above requirements.**
